

## G-Touch Classic Range

# transforming presentation environments

The ideal collaborative tool.

Collaboration Innovation

Sizes: 55", 65" & 70"

## an essential part of education

The new slimline, lightweight design of the G-Touch Classic makes it ideal for use with a portable stand, and teachers benefit from the flexibility of uses. With 10-point touch technology, the G-Touch Classroom Range provide teachers with an array of collaborative teaching opportunities. Students can interact directly on the screen or respond via hand held devices. Crystal clear audio via the front facing speakers is ideal for video presentations, and the addition of a Genee Vision Visualiser allows live demonstrations to be displayed to the classroom.

- High Definition
- 10-point Touch
- Commercial Panel for Daily Use
- Viewing Angle 178°
- Anti-glare/Anti-friction Surface
- Multimedia USB
- Infrared Touchscreen Technology
- Built-in Front Facing Speakers
- Integrated PC options available
- Huge range of compatible software

### UPGRADEABLE BUILT-IN PC

Flexibility is key for evolving technology, and all G-Touch models have the option to add a built-in PC. Our simple 'slide and secure' fitting options allow for easy upgrades and simple accessibility.

### FRONT FACING SPEAKERS

The G-Touch range is designed to provide the ultimate presentation experience. Built-in, front-facing speakers provide crisp sound and negate the need for additional speakers or sound bars.

### SINGLE POWER CONTROL

No more fiddling around the side and back of the screen to find various ON/OFF buttons. All G-Touch models come with a single front facing power button which powers both screen and built-in PC.

### EASY ACCESSIBLE CONNECTIVITY

Our technology is built with usability in mind. All G-Touch models come with an easily accessible front-facing connection panel, allowing simple plug & play connectivity with external devices.

# G-Touch Classic Range

## product specification
